Projects

Scheduler, Power Up Hacks Winner - github.com/milad-mehri/Scheduler

Node.js, EJS, CSS, HTML, Express.js, Twilio, bcrypt, MongoDB

- Scheduler is a website that allows employers and applicants to easily and efficiently **schedule interviews**.
- Uses **bcrypt** for a **login system**, **MongoDB** to store user information and **Twilio** to send reminders to users once an interview is booked.

Shift, Chat Room - github.com/milad-mehri/shift

EJS, CSS, HTML, JS, Express.js, Node.js, MongoDB, Socket.io

- A **temporary chat room** website made where creating an account is unnecessary. You can simply enter a 10 letter code which will give you, along with an unlimited number of users, access to a live chat room. All messages get deleted after 24 hours.
- **Socket.io** is used to communicate the messages and **MongoDB** is used to store them.

Bongo, Discord Bot - github.com/milad-mehri/bongo

Discord.js, Node.js, MongoDB

- Bongo is a multiplayer economy themed **discord bot** used by over **200k users** with features such as gambling and robbing.
- **Discord.js** is used to receive commands from users on discord and their data such as balances, gambling statistics are stored on **MongoDB**.

RegexTester - milad-mehri.github.io/RegexTester

HTML, CSS, JS

- RegexTester helps you **visualise and debug your regular expressions** in a simple and convenient manner.
- **HTML, CSS and JS** are used for the display and functioning.

EXPERIENCE

Community Leader and Youth Organizer | Thunderbird Community Centre

APR 2022 - AUG 2023

- Assisted students aged from 6 to 17 with developing all around skills such those relating to sports, education and social life.
- Planned, organised and supervised regularly occurring events for different groups of students including IB Students, primary school students, day camp members and basketball team players.
- Kept track of participants progress and modified the upcoming events based on the outcome to maximise the efficiency of the sessions.
- Acted as a mentor for upcoming IB students, young students and young athletes.

Athletic Achievements

Juvenile Boys Basketball - *Most improved player* - 2019

Bantam Boys Volleyball City Championship - *Second place* - 2018
